RE: UNITED STATES V. ROBERT VIRUET
CASE# 05-114 WES

Dear Honorable Judge William E. Smith;

I am writing to you with a couple of issues that I have in my legal case. I have written to my attorney on these issues with no response back from him.

One is that I am respectfully requesting a sentencing postponement until after November 1st 2007. I am asking the court for this continuance based on congress changing the crack cocaine laws. Also this changing of the law could affect my ultimate sentence.

Two is that back in November of 2006 I had filed a Pro-Se motion with your court and with the Department of Prosecution entitled "Credit to Sentence". I got a response back from the Prosecution. But I never have received a response back from your court. I am asking if this issue will be determined at my sentencing or will your court have a separate hearing on this matter?

Enclosed is a notarized letter that I recently had sent to my attorney. Basically asking him for some answers to some issues that I have in my legal case and he never responded back to me. He has left me with no other choice than to contact your court for some answers.

I am respectfully requesting a prompt response back from your court on these issues.

Thank you for your cooperation in these matters.

Sincerely,

Robert Viruet
